What's New

NEW Mask Creator

Create and fine-tune your mask with powerful tools and apply popular effects to accent the masked object or the background for a truly unique effect.

NEW Time Remapping

Evoke drama by playing with speed. Add slow motion or high speed effects, freeze the action, or reverse and replay scenes.

NEW Track Transparency

Let the best moments of your videos shine through and easily adjust the opacity of your tracks to show multiple clips at once.

NEW 360° Video Support

Show your best angle and convert your 360° video to standard video for playback on TVs and standard video players.

NEW Effects, Exclusive to Ultimate

Enjoy 14 bonus effect collections loaded with effects from industry leaders NewBlue FX, Boris FX and proDAD. Includes 3 new effect packs.

NEW MyDVD Templates

Burn your projects to disc with 100+ themed, and customizable templates to add menus, submenus and chapters to your disc.

ENHANCED Timeline Editing

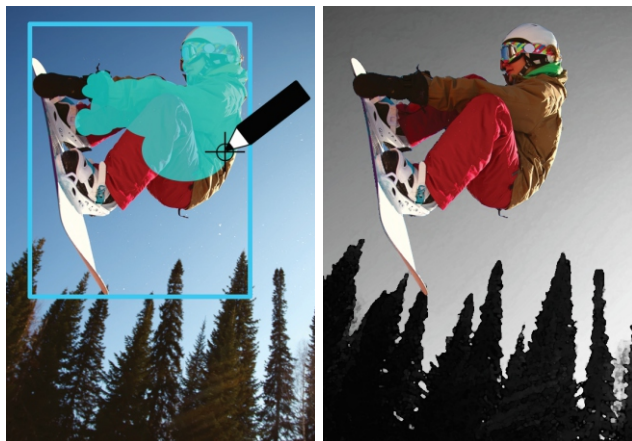

Enjoy new grouping capabilities and group clips in the timeline. Access ScoreFitter soundtracks directly in the music library.

ENHANCED Performance and Support

Keeping pace with the latest formats, this version offers expanded support for HEVC (H.265) and is optimized for Intel's 7th generation processor.
